Mobile No.: -91 7659831448

SUMMARY

Computer science graduate with a Bachelor of Technology, specializing in front-end development, and proficient in AWS services. Successfully completed intensive AWS Cloud Practitioner training from Edu Bridge. Strong in design and integration with intuitive problem-solving skills. Passionate about creating user-friendly experiences and seeking opportunities in software engineering.

PROJECTS & EXPERIENCES

AWS Services (Edu Bridge) (Jan 2024 – Mar 2024)

- Completed AWS Cloud Practitioner training from Edu Bridge, gaining proficiency in AWS Services including EC2, S3, Lambda, DynamoDB, and more.
- Applied concepts to real-life projects during training.

Frontend Developer – Feed Your Buds

- Designed and developed Feed Your Buds, a website for ordering freshly baked goods online.
- Utilized Angular and Bootstrap for responsive web page creation and payment processing.
- Conducted testing and debugging to ensure compatibility across browsers and devices.

Frontend Developer – Bakery Shop website

- Developed a full-fledged Bakery Shop website focusing on the Admin UI using HTML and CSS.
- Implemented consistent and visually appealing designs throughout the website.

Frontend Developer – Vehicle Rental Website

- Contributed to the development of an online platform for booking and renting vehicles.
- Implemented features such as vehicle selection, location selection, and pricing information.

LICENSES & CERTIFICATIONS

- AWS Cloud Practitioner training
- Introduction to Research – NPTEL
- Data Science for Engineers – NPTEL
- Social Networks – NPTEL
- Android Application Development

EDUCATION

Keshav Memorial Institute of technology

Bachelor of Technology - BTech,
Computer Science and
Engineering

Aug 2019 - Jul 2023

Sanjay Gandhi Memorial Government Polytechnic College

Diploma, Computer
Engineering (CME)

Jun 2016 - Jun 2019

ZP High School Veliminedu

SSC (2016)

TECHNICAL SKILLS

Programming Languages: C, C++, Java

Database: MYSQL

Web Technologies: HTML, CSS,
JavaScript, ReactJS.

Platforms: Windows and Linux.

DevOps Tools:

(CI/CD): Jenkins

Version Control: Git, GitHub
